AIMS OF WORLD'S SUNDAY SCHOOL ASS'N

Tokio, Oct. 5.—Sunday school officials and workers from all over the world are gathered here for the opening session tonight of the eighth convention of the World's Sunday School Association which is intended, it is announced, to make "in all lands a better day for the world's childhood and youth and for larger sympathies and better understandings between the nations."

Twenty-nine conferences, at which specialists will speak on a wide variety of topics are to be held in addition to simultaneous evening, meetings at which addresses will ge delivered by 134 speakers in four languages? The convention will close a week from next Thursday evening with a great outdoor song service and a pageant entitled "The

there is still four weeks to po. That is to say, those three pens with a total of only thirty hens in all, have laid more than 6000 eggs.

The egg production of hens of all breeds and varieties all over the country is declining at this season of the year, more rapidly of course, in some cases than in others. Three months ago the management of the contest at Storrs expected at least 50 hens to make perfect weekly scores. Last week, however, White Rock No. 130 from Green-cille, R. L. White Wyandotte No. 225 from Plymouth. Conn., and White Legionn No. 397 from Mount Carroll, ill., were the only three hens out of the ending like the order of the contest at Storrs expected at least 50 hens to make perfect weekly scores. PRACTING AND PRUCKING

WHEN YOU WANT to put your busi-ness before the public, there is no medi-um better than through the advertising culumns of The Bulletin.

there are certain advantages that you desire. They include the best cooking results, the use of coal or gas at the same time or independently;

You get ALL these in the Gold Medal Glenwood—a range that is less than 4 feet in length—that has an oven used exclusively for a coal fire, a separate gas oven and a broiling oven; a top that will accommodate NINE large utensils at one time—and ABSOLUTE SAFETY. The heat from the coal never reaches the gas section.

In the Gold Medal Glenwood you have a cooking area amounting to 2,604 square inches-more than 18 square feet!

You can do all of your cooking at one time. You can do it better—with less waste and less work. You have coal for Winter, to help warm warm the kitchen; and gas for Summer, to help keep the kitchen cool.

When you purchase the Gold Medal Glenwood, you solve all of your range problems for many years.
